PIAGGIO

URBAN CROSSOVER

THE WATCHWORD IS VERSATILITY

The Piaggio Beverly - the most sought-after and admired high-wheel vehicle on the market, an icon of elegance and dynamic character - continues to evolve and astonish. Conceived for urban commuting in any situation, with its agility and easy handling, the Piaggio Beverly is also the ideal companion for suburban trips with two passengers, thanks to its ability to provide a comfortable, pleasant and hi-tech experience.

SPORT ATTITUDE

MORE THAN JUST ELEGANCE

The sophistication of the unmistakable original design is maintained in this sport-inspired look. At a glance, the LED headlamp at the centre of the handlebar and the front end stand out. The LED turn indicators and position lights mark out the edge of the leg shield, creating a luminous “signature” that is immediately recognisable, even in daylight. The rear retains the LED taillight unit and the motorcycle-inspired registration plate holder. The black details and the wheels with their seven split-spoke design are particularly eye-catching, while the saddle with its double covering demonstrates extreme attention to detail.

PIAGGIO BEVERLY 310

NEW POWER ON TWO WHEELS

The new 310 cc engine takes performance to the next level, with **more power and even more impressive responsiveness**. Every acceleration is smooth and instantaneous for uncompromised driving pleasure, perfect both in the city and on longer journeys. Agile in city traffic, stable on country roads, it offers the perfect balance of **grit and control**. Its sporty spirit is expressed at every turn, transforming each journey into a unique experience.

More energy, more reactivity, more excitement.
The Piaggio Beverly 310 is ready to amaze.

USEFUL TECHNOLOGY

IMPROVE YOUR EXPERIENCE

Technology transforms interaction with the vehicle and streamlines the on-board experience. The keyless system lets the rider keep the key in their pocket whilst starting the engine, opening the saddle and the fuel hatch and engaging the steering lock. The remote Bike Finder feature helps you pick your vehicle out even in crowded car parks, activating the turn indicators and blowing the horn on command. The 5.5" digital LCD instrument panel is located in the centre of the "control bridge", whilst the ergonomic handlebar controls are located on the sides. The light clusters and turn indicators implement LED technology. The Piaggio MIA connectivity system, which comes as standard equipment on the Beverly 400 hpe, lets the rider to connect their smartphone via Bluetooth to Beverly's on-board electronics system.

STYLISH DIGITAL INSTRUMENT

MECHANICAL RETENTION SYSTEM AND COURTESY LIGHT

DESIGNED FOR YOU

The under-saddle compartment, which is equipped with a courtesy light, offers an excellent load capacity. A result achieved thanks to the positioning of the fuel tank at the centre of the footboard, another one of the Piaggio Beverly's particular features from its conception, which also provides other benefits such as the option of refuelling without getting off the scooter and excellent rideability features, due to better centralisation of the masses. Cargo capacity is rounded out by the practical luggage rack with its integrated passenger grab handles, the glove box incorporated in the leg shield back plate, complete with a USB port inside to charge mobile devices, and the retractable bag hook. The 400 hpe version also stands out with a windscreen that comes standard and emphasises its suburban touring personality.

FUEL CAP POSITIONED IN THE TUNNEL

HANDY RETRACTABLE HANGING HOOK

CHOOSE YOUR BEVERLY

The Piaggio Beverly comes in two models, designed to meet every requirement. The Beverly, for those who want to travel in real style, with a touch of extra charm. The Beverly S, for those with a sporty, bold spirit.

- Piaggio Beverly
- Piaggio Beverly S

CHOOSE ELEGANCE

ELEGANT AND URBAN

Boasting urban character, elegance and reliability in terms of performance and ride, the Beverly holds up brilliantly on long out-of-town routes. Thanks to the comfortable riding position and the large under-saddle compartment, it is the perfect solution for a rewarding ride, including on weekends out of town. Its sophisticated style is enhanced by the metallic finish details, including those on the luggage rack, the headlamp frame and the instrument panel surround, combined with the black seat with double covering and double stitching. The glossy and modern Nero Cosmo and Bianco Luna colours create a warm and elegant combination with the metallic finishes and the light grey wheel rims.

GRITTY AND URBAN

Beverly S

310 HPE ABS/ASR
400 HPE ABS/ASR

Beverly S expresses its more sporty and aggressive side. The design lines and the original stylistic choices interpret its exuberant spirit. The sportiness of the vehicle is emphasised by the matte graphite grey details such as the luggage rack, the central tunnel and the wheel rims, as well as the dual-material saddle with double stitching. The Piaggio Beverly comes in four colour options: matte Nero Meteora, Verde Jungle, Blu Lapis and glossy Grigio Mercurio, with flashes of blue on the front rim, on the edge of the tie cover and on the saddle stitching.

- SPORTY STYLE WITH A BLACK SADDLE IN DOUBLE MATERIAL AND CONTRASTING STITCHING
- GRAPHITE-EFFECT FINISHES, LIKE THE DARK GREY WHEEL RIMS

Beverly

25TH ANNIVERSARY

CELEBRATING AN ICON

Twenty-five years of uniqueness, power and versatility - the Beverly celebrates its silver anniversary with a special edition, boasting a bold yet sophisticated character. The new matte “Grigio 25th Anniversary” grey colour provides the perfect backdrop for a series of contrasting graphics, with striking silver and gold finishes across the vehicle. Glossy black details, such as the rear grab handle, headlight surround and rims highlight the sporty nature of the bike, while the 25th anniversary badge, proudly bearing the Italian tricolore flag, celebrates the history of an icon that never stops evolving. Available in 310 and 400 hpe versions, with a dedicated seat design and smoked-effect windshield, the Beverly 25th Anniversary model pays tribute to the past whilst simultaneously focusing on the future.

SERVICES

NO STRESS, ENDLESS EMOTIONS

Purchase a Piaggio scooter from the Official Network and get up to four years of warranty.

EXTENDED COMMERCIAL WARRANTY

At the end of the Standard Commercial Warranty (lasting 2 years from purchase or registration of the vehicle) a warranty lasting 12 months + additional 12 months (up to a maximum of 24 months) will be activated, provided that the ordinary maintenance activities set out in the Use and Maintenance Manual are carried out by the Service Centers of the Official Assistance Network, starting from the date of purchase of the vehicle. The Extended Commercial Warranty will be granted to Piaggio scooters equipped with internal combustion engines up to 50 cc Euro 5 approved and over 50 cc Euro5+ approved, purchased from the Official Network starting from 19th May 2025, at no additional cost to the customer. It guarantees free repair or replacement of major components. For more information, exclusions and general conditions on the Extended Commercial Warranty and the Standard Commercial Warranty, contact the Official Network or visit the piaggio.com website.

Check with your trusted dealer which packages are available on the various models.

X-CARE + MAINTENANCE®

Thanks to the X-Care + Maintenance services the brand offers, you can drive your Piaggio scooter without a care in the world. When you select and purchase one of the packages available to meet various needs, you will be entitled to periodic scheduled maintenance in line with the specifications set out in the use and maintenance manual. The services described can be activated on the models with engine capacity of 50 cc or above. Check with your trusted dealer which packages are available on the various models.

DREAM RIDE®

With DreamRide, your dream of riding a Piaggio scooter is even easier to achieve. In fact, you can choose the most suitable financing solution for you, selecting it from a range of services conceived by the Piaggio Group to meet the numerous and changing financing needs.

The company reserves the right to make technical and aesthetic changes at any time. Full information on models and accessories is available at www.piaggio.com. Ride carefully, always wearing a helmet and suitable gear. Always comply with the rules of the road and respect the environment. Read the operating and maintenance manual carefully. Always ask for original and approved spare parts in accordance with current legislation. Visit an Official Piaggio Dealership or Authorised Retailer for a secure purchase and guaranteed service support.
